HANDS OF SOUL

*Cristema Company  
Guimarães, Portugal*

*On January 26, 1993 Cristema was born, by the vision of its founder João da Silva Fertuzinhos. With just one collaborator, a story is born through the hands of artisans with the wisdom and experience in the production of the cutlery industry.*

*The founder's perseverance and his family history linked to the industry, allowed this project to evolve, taking on greater expression, years later, with the creation of a factory unit for the production of cutlery.*

*Over the years, the desire for improvement and innovation has led Cristema to national and international markets, currently counting on about 60 employees. João da Silva Fertuzinhos desire is revealed in each collection, thought care and with the best materials, betting on the design and innovation of production techniques, now with the generational continuity of the sons Emanuel and Cristiano Fertuzinhos.*

*Born in Guimarães and inspired by the world, we work so that each collection translates a little of our history. It is the passion for cutlery that moves us, creating connections, emotions and desire on each table we decorate.*

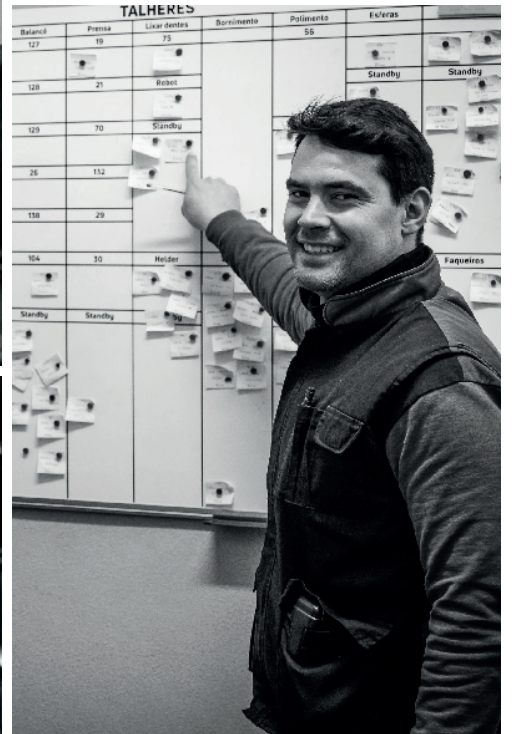

*En 26 de enero de 1993 nació Cristema, una empresa que fue el resultado de la visión de su fundador João da Silva Fertuzinhos.*

*La solidez del fundador y su legado familiar, ligado a la industria de cuchillería, han permitido que el proyecto evolucionara y creciera tanto que, algunos años después, se creó un centro de fabricación de cubiertos.*

*A lo largo de los años, las ganas de ser mejor e innovar ha llevado a Cristema a producir para el mercado nacional pero también para muchos mercados internacionales, y este desarrollo ha dado lugar a una empresa que actualmente emplea a 60 personas.*

*El legado de João da Silva Fertuzinhos está muy presente en cada colección. Ahora, bajo la supervisión de Emanuel y Cristiano Fertuzinhos (hijos del fundador de Cristema), todas las colecciones son cuidadosamente pensadas, apostando, sobre todo, por el diseño y la innovación en las técnicas de producción, porque el principal objetivo es renovar las tradiciones, asignando un nuevo enfoque de los detalles y su dimensión estética.*

*Nacidos en Guimarães e inspirados por el mundo, trabajamos en cada colección para traducir un poco de nuestra historia.*

*A dream that turns into an inspiring project, where we get to know each hand that gives life to our cutlery.*

*Un sueño que se ha transformado en algo inspirador, donde se conoce cada mano que da forma a cada cubertería.*

*The brand Roxa was founded in 1908 at the initiative of António Fertuzinhos. His entrepreneurial and technical vision enabled the usage of the driving force of the Febras River, an affluent of the Ave River, to significantly improve the cutlery utensils sharpening and polishing process. The production of the items under the brand Roxa was mainly destined to mainland Portugal, but also to the former Portuguese colonies. António Fertuzinhos was one of the first industrialists to use electric power, and in 1943 he requested the installation of a dynamo in his mill to generate electric power to light his workshop. The relaunching of this brand in 2018 is meant to mark its centenary, coinciding with the 25th anniversary of Cristema, the trademark holder.*

*La marca Roxa fue creada en 1908, una iniciativa de António Fertuzinhos. Su espíritu emprendedor y visión técnica permitieron el uso de la fuerza motriz del río Febras, un afluente del río Ave, constituyendo una mejoría significativa en el proceso de filamento y polimento de utensilios de cubertería. António Fertuzinhos fue uno de los primeros industrialistas a usar la energía eléctrica y, en 1943, requirió la instalación de un dínamo en su molino, con el objetivo de producir energía eléctrica para la iluminación de su taller. El relanzamiento de la marca, en 2018, pretende señalar su centenario, coincidiendo con el vigésimo quinto aniversario de Cristema, empresa que detiene la marca.*
